ONE RAIDER REACHED OUTSKIRTS OF LONDON

The Big Zeppelins From Germany Again Raided England, Dropping Many Bombs and More Than Forty Were Killed and Injured—One of the Great Monsters of the Sky Reached the Very Outskirts of the City of London—The French and British Both Made Gains on the French Front—Russia Reports Gains Against the Turks and the Evacuation of an Important Turkish City.

London, Aug. 25.—(Bulletin)—Eight people were killed and thirty-six injured in a Zeppelin raid last night, when hundreds of bombs were dropped. It was officially announced today that one Zeppelin reached the outskirts of London.

War Summary.

London, Aug. 25.—The French gains on the Somme in the vicinity of Maurepas yesterday were followed by a heavy German counter attack last night. Paris claims today the Germans were repulsed with heavy losses.

On the Verdun front the Germans attacked Fleury during the night, but unsuccessfully.

It was announced from Petrograd this morning the Russians had resumed their advance along the entire Asiatic front and that the Turks had evacuated Bitlis.

The capture of Maurepas by the French was admitted in the German statement today.

The London war bulletin says after hard fighting on the Somme front, the British lines have been advanced several hundred yards near Delvalle woods.

WIFE MURDERER IS FINALLY CAPTURED

Waxahachie, Tex., Aug. 25.—The search for Ollie Baupree which extended over the entire United States and into the trenches in the European war ended yesterday in Los Angeles, California, according to a message received by Sheriff H. S. Dearborn of Ellis county today. Baupree was at liberty on bond pending an appeal from a twenty-five year sentence for the murder of his wife in Dallas several years ago, the case coming to this city on a change of venue. Baupree disappeared before his appeal was ever heard and could not be apprehended. His case was finally reversed by the higher court.

WILL NOTIFY MAR- SHALL SEPT. 9

Washington, Aug. 25.—Vice-President Thomas R. Marshall will be formally notified of his renomination in Indianapolis on September 14th, it was announced today. He has speaking engagements at Winchester, Ky., on September 9th.

APPROPRIATION BILL GOES TO PRESIDENT

Washington, Aug. 25.—The army appropriation bill, once vetoed by President Wilson, was accepted by the House today with a revision approved by President Wilson and the War Department, and will go again to the President for his signature.

END OF CONGRESS DRAWING NEAR

Leaders Preparing to Wind Up Business Up and Adjourn Friday or Saturday of Next Week.

Washington, Aug. 25.—Administration leaders in Congress today are planning adjournment for next Friday or Saturday. Senator Simmons, chairman of the finance committee, said he believed it could be done unless unforeseen developments arose. Their program includes the intention to pass the general deficiency bill when it comes from the House Tuesday and then pass the revenue bill and adjourn.

Herman Kindt of Kurten was in the city today and called on The Eagle.

GERMANS TO MAKE FIFTH WAR LOAN

Rate to Be Five Per Cent and Price 98, a Reduction Over the Last Issue.

(By Associated Press.)

London, Aug. 25.—Arrangements have been completed for the flotation of the fifth German war loan. An Exchange Telegraph dispatch from The Hague says the loan will be issued September 4th and the interest rate will be 5 per cent as in the case of the previous loans. Subscriptions will be received up to Oct. 5th. The issue price, the dispatch says, will be 98.

County von Roedern, secretary of the Imperial treasury, has instituted measures to popularize the loan, which, the dispatch says, is being described by canvassers as "the last war loan." Former issues of war bonds may be turned in as subscriptions.

The fourth German war loan was issued in March. It was sold at 98 1/2 as against 99 for the third loan. An issue price of 98 for the new bonds would indicate that Germany, in common with other belligerents, is being compelled to pay a higher price for its funds as the war goes on.

ARRESTED AFTER 44 YEARS. Was Wanted in Connection With the Death of a Constable.

Ashville, N. C., Aug. 25.—After eluding the officers for 44 years, Andy Wise, a white man, wanted in Buncombe county for the alleged murder of John Rogers, former constable of Buncombe county, has been arrested in Williamson, W. Va., according to a telegram received by Sheriff Mitchell Thursday.

Immediately after the murder Wise was arrested, but while en route to the county jail escaped and had not been seen in this vicinity until last April, when he made a brief visit here but departed before Sheriff Mitchell was notified. Wise will be brought back to Ashville for trial.

STRIKE SITUATION STILL HANGS FIRE

Further Conferences Being Held Between the President and Representatives of Both Sides.

(By Associated Press.)

Washington, Aug. 25.—President Wilson summoned the representatives of the employers and the employees involved in the threatened railroad strike to the White House today for conferences to discuss proposals which have developed out of the original plan of settlement. The employers saw the President at 10:30 and the employees later in the afternoon. The representatives of the four brotherhoods had remained with the President an hour and a half, but would not make a statement on leaving.

"The situation as far as we are concerned," said A. B. Garretson, spokesman, unchanged, no complete, concrete proposition to which the railroads agree has been tendered us. Our proposition is the same as when we accepted the President's plan."

The strike negotiations have resolved themselves, outwardly at least, into a more or less confused state. Expressions of optimism were infrequent and a feeling was general among the managers that the plan to include an eight-hour day will not be found in evidence.

FINANCE COMMITTEE YIELDS TO PROTESTS

Proposed Tax on All Insurance Policies in Emergency Revenue Bill Struck Out.

(By Associated Press.)

Washington, Aug. 25.—The Democrats of the Senate Finance committee today yielded to protests from all parts of the country and have struck out the clause in the emergency revenue bill which proposed a stamp tax on insurance policies. A tax of one-half a cent on each dollar in premiums on all policies, including life insurance policies, was the clause.

WAREHOUSE DEPT WILL COOPERATE

State Warehouse Marketing Department Will Cooperate With Extension Department of College.

(By Associated Press.)

Austin, Tex., Aug. 25.—The State warehouse and marketing department will cooperate this cotton season with the Extension Department of the Agricultural and Mechanical College of Texas in the expert classification of cotton, according to announcement made by F. C. Welner, state warehouse manager.

This classification of cotton is to be carried out in a number of cotton producing counties of the state, and at the same time, the provisions of the Permanent Warehouse and Marketing Law will be observed.

NEW COUNTY AGENT BEASON ON THE JOB

A Live Wire and One Who Has Pro-
gressiveness in His Bones—An
Advocate of Diversification.

When those who had the power to do so, selected Mr. C. L. Beason as county agent for Brazos county, they certainly make no mistake in their choice. Mr. Beason is a man who is easy to approach and is one who is quick to make friends. In the few months he has been in this county venture to say that he is better acquainted than lots of people who have spent their lives here. Mr. Beason is a man right on his job all the time. He is an advocate of farm diversification from the word go. He is one who believes in making your living at home, and is giving the farmers some data that will make them sit up and take notice.

Saturday night Mr. Beason will attend the Farmers' Union meeting at Tabor and is slated to give an illustrated lecture on rural conditions. The lecture will no doubt prove to be very beneficial, as Mr. Beason has some very interesting things to tell, as well as some fine pictures to show.

A few more people in Brazos county pulling like Beason for the "live at home" movement and you would see quite a change in the rural districts.

Creditor—"You say you can't pay me that \$20,000 you owe me. Why don't you marry Miss Oldgirl; she's worth twice that amount?" Broker—"Can't do that, old chap. But I say, you might marry her yourself and pay me the difference."—Boston Transcript.

STORM DAMAGE IS BEING REPAIRED

By September First Storm Damage at Corpus Christi Will Be Repaired Except Along Beach.

(By Associated Press.)

Corpus Christi, Tex., Aug. 25.—By September 1st, it was said today, there will be nothing visible to show that Corpus Christi passed through one of the worst disasters in its history during the storm of August 13 and 19. There will be nothing left, except vacant spaces on the beach front, to show how \$500,000 damage was done to the city in less than eight hours.

This was to be made possible by an emergency city ordinance passed last Monday, in which property owners were given ten days to clean up the debris along the beach front, and put the city in ship-shape appearance once more.

After the storm had subsided and all wreckage been washed up on shore from pavilions, docks and bathing piers along the water front, there were millions of feet of lumber scattered on a two-mile stretch of beach. Persons were warned, the ordinance read, that unless all premises were cleaned up in ten days and the refuse disposed of, the city would remove the debris at property owners expense.

Work had commenced early in the week in replacing these structures torn by the wind, and repairing damage done in the residence and business sections. By the same time, it was said, railroad traffic over the San Antonio & Aransas Pass trestle would be resumed, and entirely normal conditions would prevail.

Only one thing, however, cannot be replaced immediately, it was added, and that was the devastated cotton and grain crops in the storm-swept territory. This loss alone was one of the greatest effects of the storm.

WEST INDIES WANT TO SELL

Legislature of the Danish West Indies Urges Denmark to Close Sale of Islands to United States.

(By Associated Press.)

St. Thomas, Danish West Indies, Aug. 25.—In resolutions adopted yesterday the local legislature urged upon the Danish government to expedite the negotiations for the sale of the islands to the United States.

Any man of letters ought to succeed for a spell, at least.

WE DON'T WANT YOUR BANK ACCOUNT But We Do Want Your Attention !
